

PRESS RELEASE FOR IMMEDIATE RELEASE

07/2015

New Malta office for Prestige Capital Management

Prestige Capital Management Limited (PCM) has expanded its presence in Malta with a move to a larger office complex based in Naxxar, on the north side of the island. PCM opened its original office in Malta in 2011. The company currently provides a central investment management, risk management and accounting function for a Malta based SICAV and also provides various non-regulated administration based services to affiliated Prestige companies.

Having recently been granted an AIFMD (Alternative Investment Fund Managers Directive) licence by the Maltese regulator, the Maltese Financial Services Authority (MFSA), PCM has embarked on an expansion plan and is in discussion with several groups about joint venture fund related projects. The additional office space will allow PCM to support the increased head count larger operations in Malta will require.

Iain Fulton, COO of Prestige Capital Management Limited (Malta), commented: "We are very pleased with the move to a larger dedicated office complex in Naxxar and believe this will give us a plenty of room to grow over the next few years. We have a number of plans for our expansion in Malta some of which were constrained by the lack of space at our old location in Ta' Xbiex Marina. We expect the team may grow further before the end of the year."

Craig Reeves, Founder of PCM, added: "We are already seeing some benefits from our recent office move and I believe the decision to expand the operations of PCM, which required us to move, was the right decision and gives us a lot of optionality for future additional growth. Malta continues to provide us with a valuable, regulated hub within the European Union for our growing business, and we're looking forward to adding to our Malta headcount."
